Your the teacher

[image]

I wanna change the cover to this, should I?
(Also yes, it must be Australia, he's my favourite)

Oh and I drew the image

So this one didn't fit the title:

You're the teacher, you had to leave the classroom, what happens when you get back/while you're gone? Who's the country that's the main cause and what did they do?

Aries: While you were gone **America** stood up, yelling how he wanted freedom. He convinced everyone to protest against anything you say. The principal had to be called and **America** got four Friday's in detention, but you gave the students more time to relax.

Taurus: While you were gone **UK's** cup fell onto the floor, spilling all of his tea. When you came back you saw France comforting UK as he bawled his eyes out and him just repeating 'my tea, my young tea'. You excused U.K. For the rest of the day, giving him some advice to see a therapist.

Gemini: While you were gone **Russia** pulled out a bottle of Vodka. When you returned he was passed out on the floor. His dad and an ambulance were called, Russia ended up fine.

Cancer: While you were gone something went down with **South Korea** and **America**. When you returned you found South Korea strangling Ame, he was yelling 'SAY IT AGAIN, I DARE YOU!' And you could faintly hear America say 'K is short for ok, pop is short for grandpa, this means K-pop is Ok Boomer' A nurse was called, but South received a gold star from you.

Leo: While you were gone **Canada** started offering out maple syrup. When you came back you found Canada offering you some Maple syrup, you look around and see that everyone else has a new table decoration, you smile and accept the gift. No one was called, but you had another Maple syrup bottle.

Virgo: While you were gone **New Zealand** and **Australia** got into a fight. New Zealand was angry because Australia's never going to give New Zealand the win. Both argued about who owned Pavlova. A Geography/History teacher was called but the feud continued.

Libra: While you were gone **Spain** decided that enough was enough. He got up and taught everyone how to dance. When you returned all the students were having a blast dancing in their own unique ways on their makeshift dance floor. You let the students continue until the bell rang. They worked hard and deserved that time off. **Spain's** not in any trouble.

Scorpio: While you were gone **France** and **Britain** kissed. No one was called.

Sagittarius: **You** came to school on Saturday, shut up.

Capricorn: While you were gone **America** threw a chair out the window. Why did he do that? Because spiders are scary af. Principal was called.

Aquarius: While you were gone students started acting out. **Mexico** stepped up and got them to stop.

Pisces: While you were gone **Germany** yelled. There was no reason. He just yelled. Gotta release that stress.

Sorry I didn't upload for a long time. On an unrelated note to my disappearance, my Grandpa died on Thursday morning.
T^T

CIAO FOR NOW!

ahahaha. While you were gone **Australia** started heating up, his leg burst into flames as he started choking on black goo that had no origin, in a panic his animals came to his side, scaring most of his

classmates, the few who weren't scared of the animals weren't able to help Aussie due to the burning. When you came back a 3/4 of your class was in a tight bundle in the corner, holding onto each other for dear life, 1/4 were trying to figure out what to do and Australia was in the middle of the classroom, passed out. Parents, Animal wildlife and triple '0' (the Australian emergency number) were called. Australia was hospitalised for a week, he claimed that this wasn't the first time it's happened before. (I put a lot of effort into this one.)

That was originally for Capricorn... I don't wanna remove it.

****Eating Gelato**

[image]

Soz, m8's, I'm too lazy to check who's hated by who.

Gemini: U.K. Would get English Tea flavour (I'm like 50% sure this is an actual flavour you can get)

Capricorn: Aussie would get a rich chocolate, with half a scoop Raspberry, half a scoop passion fruit.

Aquarius: Papua would get mango

Pisces: Mexico would get Vanilla

**A/N: What type of Gelato would you guys get?
Also, which country are ya'll from? (Like living in currently)
I'm from Australia!**

Also, I'm at 1k reads, yay! Thank ya all!

Ciao for now!

Pavlova, Aussie or Kiwi? Part 2.

Aries: Aussie

Taurus: Aussie

Gemini: Aussie

Cancer: Aussie

Leo: Aussie

Virgo: Aussie

Libra: Aussie

Scorpio: Aussie

Sagittarius: Aussie

Capricorn: Aussie

Aquarius: Aussie

Pisces: Aussie

Who would give you a hug

Aries: South Korea

Taurus: Canada

Gemini: UK

Cancer: Kiwi

Leo: Germany

Virgo: New Guinea

Libra: Ukraine

Scorpio: Japan

Sagittarius: Ame

Capricorn: Aussie

Aquarius: Spain

Pisces: France

Okay, I just read a CH story (involving Aussie, I also read it before T~T) and the author wrote that one character had seen the continents and instead of Australia, it was Oceanic... that's a region. I wouldn't make that much of a deal out of it, but I won't to know... why? The 7 continents of the world are: Antarctica, North America, South America, Africa, Asia, Europe and New Holland. Australia. I meant Australia, not New Holland.

I need more ideas and once again, CAN I PLEASE FIND OUT IF SOMEONE WOULD READ A COUNTRYHUMANS STORY MADE

BY ME?!

-Keef a Corn

P.s. I do accept hugs, I need it :)

Who would you baby sit?

(We're going by Australia dollars? Okay? Okay.)

Aries:

South Korea, for the cost of 10 dollars an hour, added 15 if he makes you listen to K pop.

Taurus:

UK, for the cost of 5 dollars an hour, added 2 if you make him tea.

Gemini:

Spain, for the cost of 20 dollars an hour, 10 less if he starts teaches you how to dance. (In my hc Spain dances. Fight me.)

Cancer:

Papua New Guinea, for the cost of 15 dollars an hour, added 15 if you'll let him have Australia over.

Leo:

Mexico, for the cost of 20 dollars an hour, added 20 if you take him out and you raid a Woolworths.

Virgo:

America, for the cost of 12 dollars on hour, added 7 dollars if you demand a tip.

Libra:

New Zealand, for the cost of 10 dollars an hour, Australia would pay you an added 40 dollars for every time you deny New Zealand made the Pavlova.

Scorpio:

Canada, for 10 dollars an hour, an added 55 dollars if you pay for the Maple syrup yourself.

Sagittarius:

Ukraine, for 10 dollars an hour, an added 5 dollars if you go outside

and pick flowers to make a flower crown with him.

Capricorn:

Australia, 15 dollars an hour, an added 10 dollars if you can stop him from bringing in any animals.

Aquarius:

Japan, 10 dollars an hour, an added 5 for every time you watch an anime.

Pisces:

Germany, 10 dollars an hour, an added 10 if you read with him.

Finally updated, yay

I have like no one I follow ÓwÒ this was so hard to do because most of them were from other fandoms

Is it two sexes or two genders?

So I'm having an argument with my brother, he says that there's only two genders and I'm saying there's two sexes. Then I asked my mum and she wouldn't say. So, which is it?

Question no. 2

(I'll do a proper update soon, I promise)

If someone poos in holy water, does that make it holy crap?

****Just something to be prepared for**

So if you address a country:

E.G. would be saying 'thanks, Japan'

I'll respond with Japan. It's a thing I'll do and it's pretty nice when I can chat as the countries. So I'll add something in, but from the last thing, no one seemed to mind, but just in case here's a rule of mine: A country is not responsible for there political leader and political choices, they also can redeem them self. For E.G. Third is not responsible for Hitler, he hated what Hitler did and has gone to seek help from specialists. He's not a bad country, but was run by a bad man.

Also, if you'd like to ask me about anything I have a book about Keef, where you can ask her stuff and request her to do stuff. If you have questions about anything, just hop over onto the book.

What should I do as my next chapter?

Ciao for now!

-Keef

TLDR- NOT DOING THIRD REICH. SERIOUSLY. NEVER. EVER. EVER. EVER.

Who would you throw in the bin?

Aries: NK

Taurus: China

Gemini: USA

Cancer: UK

Leo: Russia

Virgo: Australia

Libra: New Zealand

Scorpio: Germany

Sagittarius: Scotland

Capricorn: Wales

Aquarius: France

Pisces: Italy

Also, quite A/N I have a friend who is literally amazing at researching and working hard on a CH story, when it's out I'm going to put a link for it in these book, please go check it out! THX!

Important A/N

Sooooo.. lemme straighten a few things out. In 2020 I was new to the CountryHumans fandom. Didn't realise how messed up some of the things were.

I *might* continue this, but there will be some changes.

No more using problematic characters (NK, TR, USSR, probably not Russia for a while too)

Things have really changed. I've slipped in and out of this fandom. Made friends and lost far more.

Please Don't fuel the fire on the CountryHumans fandom and let people continue to use these disrespectful characters.

Don't shit on people and be rude, odds are they just haven't thought about this enough.

If you find someone making characters, like Third Reich, Second Reich, North Korea, Soviet Union, cutesy, please, for the love of Fairy bread, tell them to stop.

I will be editing chapters to remove the problematic stuff and won't be making that mistake again.

I hope that we all can continue having fun and I am so sorry to anyone who has found some of the chapters I've done rude, offensive and/or careless. I truly am so sorry.
